

Parvaneh Z.

Full-Stack Software Developer · Creative Tech

Vancouver, BC · [Portfolio](#) · [GitHub](#)

SUMMARY

Full-stack software developer shipping end-to-end web products: TypeScript/React & Next.js, Node/Express & Python/FastAPI, plus Firebase, Supabase, AWS, Azure, and Stripe. Projects span accessibility (OCR/TTS), e-commerce, clinical marketing, sports analytics, and **ORBIT** — a live 3D NEO Mission Control app (science APIs + React Three Fiber). Uses AI pair-programming tools (xAI Grok Build, Copilot) for velocity while owning architecture, review, and shipping.

SKILLS

Programming	TypeScript, JavaScript, Python
Spoken languages	English (fluent), Persian (fluent)
Front-end	React, Next.js, Redux, HTML/CSS, Tailwind, Three.js / R3F
Back-end	Node.js, Express, FastAPI, REST APIs
Data & cloud	PostgreSQL, Supabase, Firebase, MySQL, MongoDB · AWS, Azure · Stripe
Practice	Git, Vitest, Playwright, Docker, Agile · AI-assisted dev (Grok Build, Copilot)

SELECTED PROJECTS

ORBIT — NEO Mission Control FLAGSHIP · React · TS · R3F · Express · NASA/CNEOS

3D NEO explorer: NeoWs, SBDB, ISS, Sentry, compare/ruler/tours, cached API. AI-assisted build; I own architecture & shipping. [Live](#) · [Repo](#)

TexDio · React · Node · Azure AI (OCR/TTS)

Accessibility: image → text → speech + exports (audio, SRT, EPUB); rate-limited demo. [Live](#) · [Repo](#)

Crwn Clothing · Next.js · Firebase · Stripe · Playwright

E-commerce: cart, auth, Stripe PaymentIntent, unit + e2e tests. [Live](#) · [Repo](#)

Integrated Neuro LAUNCHING SOON · Next.js · TS · Cloudflare Pages

Client site for a Vancouver neuropsychology & counselling practice.

Soccer Analytics IN PROGRESS · Next.js · FastAPI · Supabase · Docker

Event-level match analytics and pitch visualizations. [Repo](#) · [Live](#)

EXPERIENCE

Full-Stack Developer · Integrated Neuro

2026 – Present

Vancouver, BC · client engagement · public launch in progress

- Building the production marketing site for a Vancouver neuropsychology & counselling practice (Integrated Neuro / IN-Sight).
- Next.js, TypeScript, Tailwind — static export, image optimization, Cloudflare Pages.
- Accessible service/team content aligned with clinical branding; iterating toward launch with stakeholders.

Personal Care Assistant

Jan 2023 – Apr 2025

North & West Vancouver, BC · non-tech role

- Supported adults and seniors with complex care needs; reliability and prioritization while continuing full-stack portfolio work.

Full-Stack Developer

Aug 2019 – Jan 2024

Vancouver, BC · client / product delivery

- Shipped React/Node apps from mock-ups through client delivery.
- Real-time analytics dashboard (React + Node) replacing Excel workflows.
- Cross-functional delivery coordination; Puppeteer + Node inventory automation for WordPress e-commerce.

Web Development Teaching Assistant · BrainStation

Sep 2019 – Mar 2020

Vancouver, BC

- Mentored 50+ students with structured feedback; strong evaluations.

Web Development Capstone · BrainStation

Mar 2019 – Jun 2019

Vancouver, BC

- Accessibility platform (React, Node, MySQL, Azure Cognitive Services) — foundation for TexDio.

EDUCATION & CERTIFICATIONS

- Web Development Diploma & Data Science Certificate, BrainStation · 2019
- Computer Science coursework, Douglas College / Simon Fraser University · 2013 – 2017
- CRLA Master Certified Tutor (Level III) · TESL · Douglas College
